

Project Impact Report 2018 - 2019

*This return is based on data from July 2019 to June 2020, including direct participant feedback

Yorkshire Coast Workshops LTD – Fit for Business

The Fit for Business (Capital) project upgraded 300sq meter of office space, located in Eastfield on the outskirts of Scarborough Town.

The renovation aimed to:

- •Provide an informal and friendly workspace for local businesses
- •Reduce social isolation by providing a space where people can network and engage with each other
- •Reduce digital isolation by providing the digital equipment for the business community to access when its needed
- •Support over 100 businesses per year

For more information about this and other CLLD projects please visit https://www.advantagecoast.org.uk/

Advantage Coast

The Advantage Coast Community Led Local Development (CLLD) programme aims to: Yorkshire Coast Communities

• Support business and enterprise growth

social value is returned*

- Increase employment by supporting creation of new jobs
- Help those furthest from the labour market improve their employment opportunities
- · Help to improve the skills and experience of unemployed people

The programme is funded by a joint bid made by East Riding of Yorkshire Council and Scarborough Borough Council, which secured $\pounds 6.9$ million from the European Structural Investment Fund to support community development, business growth and enterprise along the Yorkshire Coast.

*This return is based on data from July 2019 to June 2020, including direct participant feedback

The difference we make**

**Outcome statements categorised against Bristol Accord domains, based on on data that includes direct participant feedback

Well Served

• 10 people gained access to the internet for the first time as a result of the office space

Thriving

• 60 people using the office space at least once a week

Fair to Everyone

• 5 contractors have been involved in the project

Social Value Engine

The CLLD programme is using the Social Value Engine to help identify a monetary value to represent the estimated social return of the programme as a whole. To build this picture we have used the Social Value Engine to calculate the social return of each CLLD project. We looked at the number of people and/or organisations each project has worked with to understand how many stakeholders have been impacted. We also used information on their individual journeys to understand the outcomes they have experienced. For more information on the Social Value Engine please visit https://socialvalueengine.com
