# Community Led Local Development Programme

Project Impact Report **2018 - 2022**

## Northern Regen – Scarborough Construction Business Network

Northern Regen aimed to turn opportunity into reality for local customers, students and partners through their innovative Skills Village model. The CSV was designed to bring education and industry closer together and help address the growing skills gap.

Scarborough Construction Business Network (SCBN) aimed to:

- Help local businesses enter large construction company supply chains
- Increase construction business networking
- Increase employment
- Increase business start ups
- Improve the image and culture of construction
- Become a one stop shop business hub for construction

For more information about this and other CLLD projects please visit <https://www.advantagecoast.org.uk/>

For every  
£1 invested,  
**£2.78** of  
social value  
is returned\*

\*This return is based on data from July 2019 to June 2020, including direct participant feedback

## Advantage Coast

The Advantage Coast Community Led Local Development (CLLD) programme aims to:

- Support business and enterprise growth
- Increase employment by supporting creation of new jobs
- Help those furthest from the labour market improve their employment opportunities
- Help to improve the skills and experience of unemployed people

The programme is funded by a joint bid made by East Riding of Yorkshire Council and Scarborough Borough Council, which secured £6.9 million from the European Structural Investment Fund to support community development, business growth and enterprise along the Yorkshire Coast.

# £ 1,303,495.00

## of social value achieved\*

\*This return is based on data from July 2019 to June 2020, including direct participant feedback

## The difference we make\*\*

\*\*Outcome statements categorised against Bristol Accord domains, based on on data that includes direct participant feedback

### Active, Inclusive and Safe

- 233 enterprises report increased understanding of support services

### Well Served

- 144 organisations reporting increased partnership working
- 73 participants accessing apprenticeship funding

### Thriving

- 10 entrepreneurs setting up as self employed
- 259 enterprises completing skills training

### Social Value Engine

The CLLD programme is using the Social Value Engine to help identify a monetary value to represent the estimated social return of the programme as a whole. To build this picture we have used the Social Value Engine to calculate the social return of each CLLD project. We looked at the number of people and/or organisations each project has worked with to understand how many stakeholders have been impacted. We also used information on their individual journeys to understand the outcomes they have experienced. For more information on the Social Value Engine please visit <https://socialvalueengine.com>
